AL HUANG THE GENERAL

(Vietnamese text here)

Riding partner

The General slowed his car creeping under the Bridge Interchange while The Female was swinging her hat to wave jubilantly (\*).

The General glanced the rear-view mirror, there's no car behind at all. She must have been waving mee, hehe.

The Female was so cute. Mythic'ly cute. And face and hair and body and legs. Perfect. Like an iPhone.

The General swerved the car aside, downed the glass, tilting himself asked, any job you girl?

The Female leaned on the car-door, smiled softly like a fire, you're goin' to Haiphong, aren't you?

The General said, I am. Any job you girl?

The Female said, cud ya please take me on, okay no?

The General asked, da which rue will ya out in the 'Phong?

The Female replied, you drop me anywhere that suits, okay?

Again smiled softly like a fire.

The General said, hmm, so boring ridin' alone. You please come in.

\*\*\*

Long journey would be extremely fun having a riding partner. Talkings were being bursted like bombs. The General was upping the gear deliriously, laughing keckkeck keckkeck keckkeck. The Female was serving trills like an FM radio.

The Female confided she was 28, named Thuy Thuy. The Female's husband was 32, a building contractor to Hoalac Xuanmai counties (\*\*). The two kids one 6-year-old one 7-month newborn.

The Female's husband had had many females. The money he'd earned was millions millions, but had poured into femaling most, not treated the wife any lot. Their quarrels had been perpetually indefatigable.

The General said, building contractor who does no that? A friend of mine builder since 90-91, femaled thousands. Hence his wife sold their homes to cuckold infinitely infinitely. It serves him ta cruel-luster hehe.

Last week The Female's couple fiercely fought off. The Female excitedly carried her children away to their Grandmother in Haiphong, carried the money away to spend haphazardly, for it serves him well the cruel-luster.

The General said, yo baby's still suckling, no?

The Female said, he's suckling he's suckling. May I get a hankie please.

The General dug the cup-box, gave The Female a tissue-pack.

The Female unfastened her shirt, carelessly rubbed her breast. The Female's milk streamed messily down the two teats as big as a Chilean grape. The Female's two udders were round curvy lividly pallid,

mythic'ly swollen.

The General juttred his hand nipping The Female's shoulder, said, God, too much porny.

The Female said, dunt ya man ask my phone number, huh?

The General said, oop I forget, how's yo phone number?

\*\*\*

Reaching Haiphong, The General said, where ya out I do escort to?

The Female said, I may out by the Tray Hotel, okay (\*\*\*).

The General said, kay, you go a suckle ta b%b% I'm busied affair for 'bout 2-3 hours, done I'll phone. If ya want backin' Hanoi, I'll meet ya on.

\*\*\*

Reaching the Tray Hotel, The General said, kay kay bye Thuy Thuy.

The Female silenced herself.

The General said, how's up?

The Female said, General?

The General said, what's up?

The Female said, General, do check in the hotel to sleep with me, I'll charge 200 thousand only (\*\*\*\*).

The General startled, freezing his mouth.

The Female said, how's your opinion?

The General let slip, mythic'ly?

The Female said, okay?

The General said, why didnt you tell from ta first?

The Female said, tellin' from ta first, yet still stayin' by ta Bridge Interchange?

The General said, I'm occupied affair, I'll phone this afternoon?

The Female said, teasing?

The General said, kay kay kay, get in the hotel.

The Female said, disgusted already. Disgusted already.

The General said, yeap stop stop stop, here's yo 200 thousand.

The Female said, no, back to Hanoi.

The General said, are you sickened of money?

The Female inclined her head up, closing eyes.

The General said, won't ya suckle ta b%bi?

The Female said, he's in Hanoi.

The General strained, so for making what have you attained Haiphong?

The Female said, for makin' money. Three hours ridin' with you, lost off was 600 thousand.

The General said, two hours.

The Female ordered, back to Hanoi.

The General u-turned the car, backing Hanoi.

\*\*\*

The car galloped rapidly. The riding partners were quite dumbed down.

Having passed the Phuluong bridge, The Female said, me out (\*\*\*\*).

The General braked the car deathly. Jumped to open doors. Waited nervously. Not being curious why The Female soon quitted the game.

Stretching hand, she said, give me five hundred (\*\*\*\*\*).

\*\*\*

The General u-turned the car, moving toward Haiphong.

Hehe such a luck, still timing the affair.
